The Tidywall Revolution

Tidywall panels go anywhere and can organise everything.you will be amazed at the flexibility these panels will give you when installed around the house. They are strong, easy to clean and look great. With a range of over 200 accessories that clip on and off, Tidywall gives you a lifetime of organising and reorganising as your needs change.

Once our patented back hanger system is fastened to your walls, our Tidywall panels simply clip on and off the hangers. This allows you an easy installation and the option to take the panels with you, when you move, without damage or unsightly screw holes. They will look just as good when you rehang them in their new location.

Get Hooked on Tidywall

Water and rot proof

Perfect for outdoor areas, carports, organising below raised homes and anywhere else around the home.

Easy to clean

Oil, grease and dirty smudge marks just wipe off with a damp rag. You will never have to repaint again.

Easy to install

Easily handled by just one person. Most projects can be completed with minimum tools and experience.

Heavy Duty super strong

Tidywall is tough. Hang the panels on your wall and then hang what ever you want on the panels.

What is Tidywall? Tidywall is made out of 18mm thick, solid, extruded PVC slat wall panels, this industrial design gives it rugged strength, versatility and a fine glossy finish. Each panel is 2400mm long and 310mm high that clips together one on top of the other and is mounted to your existing wall using our specially designed back hangers. Tidywall is thoughtfully designed for the professional and DIY market and can offer you a choice of three popular colours, Polar White, Warm White and Light Taupe with matching trims and end caps. For more specifications or installation instructions call our Toll free number.
